OPERATOR POSITIONS · DESK UNIT EN

UniKey-TS3.
Every radio circuit at once.

7″ touch desk unit for radio, telephony and intercom – with 13 freely assignable keys and talking via foot switch.

UNIKEY-TS3 AT A GLANCE

One unit for everything.

Analogue and digital radio, telephony, emergency calls and intercom: the UniKey-TS3 is the desk unit of the REICHERT ZBE, configured centrally in the IoeServer.

Parallel operation
Several radio circuits at once, set separately

Speaker + headset
Both in use at the same time

13 + 3 keys
13 assignable, 3 fixed

Fixed menu pattern
Every page is laid out the same

Foot switch PTT
Talk with your hands free

One device
Radio, telephony and intercom

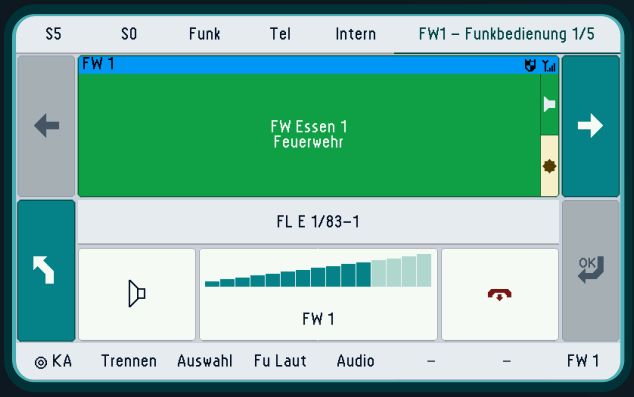

IN USE

- Command vehicles
- Control rooms
- Operations command rooms
- Reception / gatekeeper

OPERATION

Always the same menu pattern.

Header, footer and page keys are the same on every page. Know one page and you know them all.

Radio operation: one radio line in focus

Radio tiles: several radio lines at a glance

IN OPERATION

Several things at once.

Listen to radio circuits in parallel, set them separately and take a call: loudspeaker and headset work at the same time.

Special keys: switch gates, lights, siren and relays

- Monitor several radio circuits in parallel with separate volumes
- Loudspeaker and headset usable at the same time
- Talk via foot switch, handset, headset or gooseneck microphone
- High-contrast 7″ colour touch display
